Subject: Question about NSPS OOOOa annual reporting

Good morning.

Newfield Exploration Company is an oil and gas exploration and production company subject to the requirements of NSPS OOOOa. I am responsible for compliance with the reporting requirements of this regulation, specifically the annual reporting requirement found in 60.5420a(b).

In talking with counterparts at peer companies in the industry, there seems to be some confusion over the reporting format for the annual NSPS OOOOa report due at the end of October 2018. Language on EPA's website seems to imply that CEDRI "may" and "can" be used to submit reports. This would be different than "must" which would apply no other options allowed.

Other peer companies operating in different regions (specifically, region 6) have received clarification that submittal via e-mail is acceptable as the CEDRI "template" is not yet FINAL.

Would like some clarification on this issue as soon as possible in order to organize information in the proper submittal format.

Thank you for your attention to this matter.
